- 357SG Recess Run 7'6"
- 226SG Recess Jump 1.25
- 227SG Recess Jump 1.5

Safety is our number one priority, especially for children. That's why we created a line of synthetic turf specifically for playgrounds. Commercial playgrounds, like public parks or school playgrounds, create more traffic and this could easily create more wear on synthetic turf. Our playground turf is designed for "high use" play areas and offers the best in durability and return on investment. Shawgrass is IPEMA Certified and ADA accessible. This unique turf system, with engineered padding, can easily be combined with the HydroChill cooling option to provide synthetic turf solutions unparalleled in the industry.
